Notes from 2015 Camp for the Blind

Sixty-five campers came for their 5-day camping experience. Some were first-timers, while others were glad to be back again. Thankfully, the weather was considerably more comfortable than it was during the 2014 Camp!

Lion Don Draper transported some campers to and from the airport. Lion Bob Anderson and his wife, Joyce, helped with registration.

Breakfast Lions were among the helpers for

campers at Fiesta Bowl each day, and several other members were one-on-one.

Some campers got some fishing experience courtesy of Anglers Club members. Another choice for campers was a visit to the Gangsters Museum.

One camper at Lawn Bowling was heard saying, "I don't care whether I win or not. I'm here and I'm having fun!"

Just for Laughs. . . .

- A lot of people do not recognize opportunity because it usually goes around wearing overalls and looking like hard work.
-- Thomas Edison
- It's true hard work never killed anyone, but I figure, why take the chance?
